OFFICE OF THE CONTROLLER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification dated 28th— 31st July 1952.

No. 6678. From the original and copies of invoices produced in this office by the Nominees, wholesale merchants and others, alongwith the relative Railway Receipts and/or Parcel Way Bills, it is seen that in several instances the net value of the goods (*i.e.*, ex-mill value less rebate) has been mentioned in the invoices instead of showing separately the ex-mill value and the rebate, if any, obtained. Since centage at ½ per cent is recoverable on the ex-mill value of the goods and not on the net value, all the Nominees, wholesale merchants and others purchasing Free Sale goods outside the State, are hereby requested to obtain from the Mills, Mill agents or other merchants, as the case may be, from whom they purchase Free Sale goods, invoices clearly indicating the ex-mill value of the goods and the rebate, if any, granted and remit centage at ½ per cent calculated on the ex-mill value of the goods.

Railway Receipts and/or Parcel Way Bills which are not accompanied by the relative invoices prepared as above are likely to be delayed and this office will not hold itself responsible for any loss or damage caused to merchants on account of omissions on their part.

Instructions to Middle School Teachers.

This is a course useful to all girls in the running of a home. Many girls drop out of the Middle School, because of inability to pay their way through the High School. This course is meant to guide them on to ordinary house-wives.

This course begins with the elementary principles of needle-work. It is very essential that these children be given a thorough training in manipulating the various stitches.

In garment-making they should be taught to give a neat finish, to attach the buttons and hooks and eyes as well as the press buttons correctly. The Bias Facing is the *only* correct method for attaching a neck band; this should be *very* strictly adhered to. It has been noticed that even in the public examinations, examiners allow for just as much cloth as is necessary for cutting out the garment and that the children are not given the option to cut out cross bands even if they know how. The principles of correct teaching should be the aim of every teacher, but this is all the more necessary in the Middle School as it is there that children start developing correct habits with an understanding that they lacked while in the primary grades.

It is here that children will learn to develop a taste for Needle-work and will become successful needle-women and the responsibility of the teacher is very great. She has to be sourceful and thoughtful guiding the young mind along the path of accuracy and thrift.

This syllabus allows a great deal of scope for originality and it should be the aim of teachers to guide children in their originality and not force their own ideas on them as far as possible.

OFFICE OF THE CONTROLLER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification dated 28th— 31st July 1952.

No. 6678. From the original and copies of invoices produced in this office by the Nominees, wholesale merchants and others, alongwith the relative Railway Receipts and/or Parcel Way Bills, it is seen that in several instances the net value of the goods (*i.e.*, ex-mill value less rebate) has been mentioned in the invoices instead of showing separately the ex-mill value and the rebate, if any, obtained. Since centage at ½ per cent is recoverable on the ex-mill value of the goods and not on the net value, all the Nominees, wholesale merchants and others purchasing Free Sale goods outside the State, are hereby requested to obtain from the Mills, Mill agents or other merchants, as the case may be, from whom they purchase Free Sale goods, invoices clearly indicating the ex-mill value of the goods and the rebate, if any, granted and remit centage at ½ per cent calculated on the ex-mill value of the goods.

Railway Receipts and/or Parcel Way Bills which are not accompanied by the relative invoices prepared as above are likely to be delayed and this office will not hold itself responsible for any loss or damage caused to merchants on account of omissions on their part.

OFFICE OF THE CONTROLLER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification dated 28th—31st July 1952.

No. 6678. From the original and copies of invoices produced in this office by the Nominees, wholesale merchants and others, alongwith the relative Railway Receipts and/or Parcel Way Bills, it is seen that in several instances the net value of the goods (*i.e.*, ex-mill value less rebate) has been mentioned in the invoices instead of showing separately the ex-mill value and the rebate, if any, obtained. Since centage at ½ per cent is recoverable on the ex-mill value of the goods and not on the net value, all the Nominees, wholesale merchants and others purchasing Free Sale goods outside the State, are hereby requested to obtain from the Mills, Mill agents or other merchants, as the case may be, from whom they purchase Free Sale goods, invoices clearly indicating the ex-mill value of the goods and the rebate, if any, granted and remit centage at ½ per cent calculated on the ex-mill value of the goods.

Railway Receipts and/or Parcel Way Bills which are not accompanied by the relative invoices prepared as above are likely to be delayed and this office will not hold itself responsible for any loss or damage caused to merchants on account of omissions on their part.

M. MALLARAJ URS,
1227 *Principal.*

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE, BANGALORE.

To

The Secretaries of all the Co-operative Societies in the State.

Instances have come to the notice of the undersigned that bonus to staff is being voted for periods up to three months' pay sometimes running into few thousands. While adequate encouragement should be given to the wholetime staff working in the institutions by grant of reasonable bonus and other amenities, it should not be at the expense of the share-holders whose interest should always be served first instances are not uncommon where a higher bonus is voted, on some convention or other, when a better dividend on share or grant of rebate to members could have been made.

It may be mentioned that neither the Mysore Co-operative Societies Act nor the Rules thereunder specifically provide for payment of bonus to staff. Neither the bye-laws of the societies are explicit in the matter.

Before considering the grant of bonus to staff, it is desirable that adequate provision is made for bad and doubtful debts, stock depreciation and fluctuations in market prices, declaration of dividend on shares and grant of rebate on sales, etc.

The Secretaries are therefore requested to bring all these factors to the notice of the Board of Managements when they take up the question of appropriation of profits for being placed before the General Body Meeting of their institutions.

It is observed from the receipt schedules received in this office from Treasuries, that receipts relating to "fees realised under Factories Act, 1948" are erroneously classified under 'XXXVI. Misc. Similarly receipts relating to "Explosives" are being erroneously classified under "XXXVI. Misc. Department 2. Scientific and Misc. Department Miscellaneous (States)" instead of under "XXXVI. Misc. Misclassification of the receipts mentioned above made previously during this year may be rectified by submitting an alteration memo to this office.
